

Toxic Substance Reduction Plan Summary

Basic Facility Information

Name & CAS of Substance	Copper	N/A
Substances for which other plans have been prepared	N/A	N/A
Facility Identification and Site Address		
Company Name	Resistance Welding Products Ltd.	
Facility Name	Resistance Welding Products Ltd.	
Facility Address	9270 Middle Line, Blenheim, ON, N0P 1A0	
Spatial Coordinates of Facility	Latitude: 42.3328 Longitude: -82.0105	<i>Expressed in Universal Transverse Mercator (UTM) within a North American Datum 83 (NAD83) datum</i>
Number of Employees	24	
NPRI ID Number	5837	
Ontario MOE ID Number	****	
Business Number	104484670	
Primary North American Industrial Classification System Code (NAICS)		
2 Digit NAICS Code	33	
4 Digit NAICS Code	3329	
6 Digit NAICS Code	332999	
Company Contact Information		
Facility Public Contact	Mr. Al McGuigan	Operations Manager
	a.mcguigan@rwpweld.com	
	Phone: (519) 676-8173	Same address as facility

Plan Summary Statement

As required by s.24(1)8 of O.Reg. 455/09 this plan summary accurately reflects the content of the toxic substance reduction plan for copper, prepared by Resistance Welding Products Ltd. (RWP) and dated June 15, 2014.

Statement of Intent

RWP is committed to demonstrating the highest standards of environmental management and employee safety. Copper is being used by RWP in their processes.

Although RWP continues to pursue environmentally responsible business practices, no statement of intent to reduce the use and creation of the toxic substance through the TRA process is included as part of this Plan.

Reduction Objectives

The company does not intend to reduce its use of copper at this time.

Description of Substance

Copper is a main ingredient found in the material used by RWP to produce their products.

Planner License Number

As required by s.18(2) of O. Reg. 455/09 (as amended by s.9(2) of O.Reg 214/11) the Licensed Toxic Substance Reduction Planner responsible for providing Planner recommendations on and Certification of this Plan is as follows:

Geri Penner
Ecotech Planners & Advisors Inc.
Toxic Substance Reduction Planner License #TSRP0240

Rationale for Not Implementing Toxic Reduction Plan Options

Copper is a main component in the products manufactured at RWP and their customers demand specific grades of metal containing copper and specific processes be followed in order to obtain a maximum quality product. As a result the company is unable to commit to any of the Options that were presented throughout the plan. None were found to be Economically or Technically Feasible at this time.

Certification by Highest Ranking Employee

As of June 23, 2014, I, Al McGuigan certify that I have read the toxic substance reduction plan for the toxic substance referred to below and am familiar with its contents and to my knowledge the plan is factually accurate and complies with the Toxic Reductions Act, 2009 and Ontario Regulation 455/09 (General) made under that Act.
